Abstract submission and registration

The registration system will be available from summer 2017 and the abstract submission is possible from September 2017. Further details, as well as the abstract topics and guidelines will then be published on the conference website www.virology-meeting.de.

Industrial exhibition and symposia

The conference will host an exhibition, which will bring together manufacturers and suppliers in the field of virology. Latest developments and new applications will be highlighted during industrial symposia. Interested companies are invited to request information on the sponsoring modalities from the conference organisation Conventus.
