

EACCME accredited.

European CME Credits available after attending the webinar.

VACCELERATE has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101037867.

APRIL 26 2023, 16.00-17.00 (CEST) Clinical Trials on Chronic Fatigue Syndrome (ME/CFS) and Post-COVID Syndrome

With Prof. Carmen Scheibenbogen, Charité Berlin, Germany

The Post-COVID Syndrome (PCS) can vary greatly in severity, but is usually accompanied by severe fatigue. Some of those affected suffer from Myalgic Encephalomyelitis/Chronic Fatigue Syndrome (ME/CFS).

Knowledge about targeted therapies for both conditions is still in its infancy. Little is known about the exact disease mechanisms of ME/CFS and Post-COVID syndrome. Therefore, no targeted medical treatments exist. As a result, many people with ME/CFS are perpetually ill and unable to work or to take care of their families. Researchers at Charité - Universitätsmedizin Berlin have now founded a National Clinical Study Group to conduct the first clinical trials with drugs for the treatment of PCS and ME/CFS.

Prof. Scheibenbogen's study group wants to initiate and conduct first clinical trials with drugs and medical procedures for PCS and ME/CFS. The aim is to receive approval for effective therapies to make them available to all patients. The focus is on drugs that are already available for other diseases to achieve rapid progress in treatment. In this webinar, Prof. Scheibenbogen introduces the study group and its goals. She will explain how the process of enrolling patients and conducting the studies is planned and when first results can be expected.

VACCELERATE, the EU funded clinical research network for the coordination & conduct of European vaccine trials is looking forward to hosting this webinar.

The webinar will be recorded and published on <https://vaccelerate.eu/>.

In cooperation with:

Webinar:

Chronic Fatigue/Post-COVID Syndrome

Presented by

Prof. Carmen Scheibenbogen

Moderated by

VACCELERATE

Presentation approx. 1 hour including Q&As
